

# The Third International Conference on the Applications of Digital Information and Web Technologies (ICADIWT 2010)

July 12-14, 2010

Fatih University, Buyukcekmece,  
Istanbul, Turkey

## CALL FOR PAPERS

The Third International Conference on the Applications of Digital Information and Web Technologies (ICADIWT 2010) is a forum for scientists, engineers, and practitioners to present their latest research results, ideas, developments and applications in the areas of Computational Intelligence, Artificial Intelligence, Networking, Neural networks, Network security, Biometrics Technologies and Applications, Pattern Recognition and Biometrics Security, Bioinformatics and IT Applications in the above themes.

This conference (ICADIWT 2010) will include presentations of contributed papers and state-of-the-art lectures by invited keynote speakers. This conference welcomes papers address on, but not limited to, the following research topics:

Computational Intelligence  
Ad Hoc and Sensor Networks  
Biometrics Technologies  
Forensics, Recognition Technologies and Applications  
Biometrics and Ethics  
Fuzzy and neural network systems  
Signal processing, pattern recognition and applications  
Digital image processing  
Speech processing  
Computational biology and bioinformatics  
Parallel and distributed computing and networks  
Information retrieval and internet applications  
Software engineering  
Biometrics and CSR  
Artificial intelligence and applications  
Databases and applications  
Genetic algorithms  
Data mining  
Real time systems  
Computer and network security  
Multi-Agent systems

---

### Important Dates

Submission of Papers: January 31, 2010  
Acceptance Notification: March 1, 2010  
Camera ready: April 30, 2010  
Registration - Early Bird: May 15, 2010  
Registration - Late: June 1, 2010

---

Papers submitted will be reviewed by a minimum of two reviewers and it is expected that most of the accepted papers will undergo revision before sending the camera ready version.

Modified versions of the Selected papers of the conference will be published in the following peer reviewed journals

1. Journal of Digital Information Management
2. International Journal of Web Applications
3. International Journal of Information Studies
4. Journal of Computational Linguistics
5. Journal of E-Technology
6. Journal of Networking Technology
7. Journal of Information Technology Review
8. Journal of Information Security Research
9. Journal of Intelligent Computing
10. Journal of Multimedia Processing and Technology

### Paper Submission

Researchers are encouraged to submit their work electronically. Submitted paper should not exceed 6 pages, including illustrations. Papers are to be numbered starting from page one. Papers should be submitted electronically as MS word. All papers will be fully refereed by a minimum of two specialized referees. Before final acceptance, all referees comments must be considered. Accepted papers will be published in the conference proceedings. Accepted papers will be published in the conference proceedings. Best papers awards will be distributed during the conference. Authors should format the papers according to the IEEE template.

Upload your paper at paper Submission web page <http://www.dirf.org/diwt2010/submission.asp>

### Program Committee

General Chair: Veli Hakkoymaz, Fatih University, Turkey

Program Chair: Joel Rodrigues, Institute of Telecommunications/University of Beira Interior, Portugal

Co-Chairs: Nik Bessis, University of Bedfordshire, UK

Kazushi Ohya, Tsurumi University, Yokohama, Japan

Rachid Benlamri, Lakehead University, Canada

Special Session on "Distributed Information and Applied Collaborative Technologies"

Please submit your paper directly to the special session chair, Dr Nik Bessis at: [nik.bessis@beds.ac.uk](mailto:nik.bessis@beds.ac.uk)

Publication: All contributions will be peer reviewed and will be judged on their quality and relevance. The accepted papers will be published in Conference proceedings of ICADIWT 2010. One of the author's of the accepted paper must register to the conference and should present the paper in conference. Best papers from this special session will be considered for publication as extended versions in the International Journal of Distributed Systems and Technologies (IJDST).
